In this book Intelligent Australia Productions has used graphics that were **obtained under licence from Jupiter Images**. IAP is **indebted to rightful copyright holders** of other graphics and illustrations who kindly consented to their use here. Yet other images used in this work are freely available in the **Public Domain**.

In the few cases where attempts to gain permission for use from original copyright holders were not successful:

If you believe in good faith that materials used by us infringe your copyright, you (or your agent) may send us a written notice that includes the following information:

- *A clear identification of the copyrighted work you claim was infringed.*
- *A clear identification of the material you claim is infringing the copyrighted work, and information that will allow us to locate that material, such as a link to the text or graphic.*
- *Your contact information so that we can reply to you, preferably including an email address and telephone number.*
- *A statement that you have a "good faith belief that the material that is claimed as copyright infringement is not authorized by the copyright owner, its agent, or the law."*
- *A statement that "the information in the notification is accurate, and under penalty of perjury, the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed."*

The notice must be signed by the person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed. Notices should be sent to our address at the top of this page. We will review and address all notices that comply with the requirements above. We suggest that you consult your legal advisor before filing a notice or counter-notice. Also, be aware that you may be liable for damages if you make a false claim of copyright infringement.

Teachers Notes

These crossword puzzles complement core texts in any school's Language syllabus. They provide a 'different' way of covering age-appropriate themes and feature 166 key words, some new to the student, others known but 'tricky' or troublesome.

As learning tools crosswords offer much. They

- are excellent activities for practising reading
- are excellent activities for practising spelling
- call upon higher thinking skills (in matching clue with clue)
- provide a sense of satisfaction when clues are found and -especially- when completed
- present something of a 'fun' touch to the task of learning

As well as stimulating and challenging your students these twenty crossword puzzles will provide a great boost to their already burgeoning vocabularies.
